WELCOME!

Thank you for joining us to celebrate our 2020-2021 national award winners. Throughout the week, we will be honouring the dedication, service, and excellence of our members with pop-up award presentations that you won't want to miss. Although the presentations will be virtual this year, the messages of gratitude and celebration remain.

The CSHP awards program encourages members in their hospital pharmacy practice and acknowledges those who have advanced practice through innovation and dedication to the profession and Society. The awards program is open to all members of the healthcare team, including pharmacists, pharmacy technicians, student pharmacists, and others.

We express our appreciation to everyone who made this year's awards program possible. We extend our thanks to the members of the national awards committee and award appraisers for their perseverance and commitment during this challenging time. We also acknowledge the generosity of our sponsors whose interest and investment allows us to recognize the important work of our members.

Enjoy these presentations! We proudly share the accomplishments and outstanding service of these most deserving and truly remarkable members.
